

CSV Bulk Upload

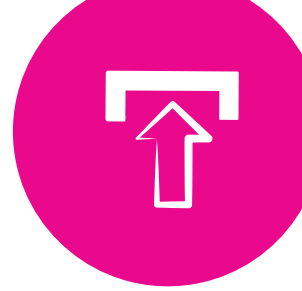

ABOUT:

GoFetch can now effectively read an MS Excel spreadsheet!

CSV bulk upload allows your business to upload jobs in spreadsheet format. Our system reads the MS Excel spreadsheets and automatically loads those jobs in bulk, saving you the time and hassle. All fields are captured including: item time, recipient info and delivery time frames.

GoFetch

How it works:

1. head over to our web app
app.go-fetch.com.au/#/user/login
2. log in to your GoFetch account
click 'Sign In'
3. Click on your name/account in the top right corner
click on 'CSV upload'

Upload your CSV file, our system will do the rest!
